ABOUT

I'm a **Senior Product Designer with 9+ years of experience** across UX, UI, web design, front-end development, and digital marketing. I design and build conversion-focused websites, landing pages, and marketing experiences with a strong emphasis on clarity, user intent, and measurable outcomes.

I work with tools like Figma, Adobe Creative Suite, WordPress, HubSpot, and GoHighLevel, collaborating closely with product, marketing, and engineering teams to support campaigns, funnels, CRO initiatives, and scalable web experiences across digital channels.
